

Requirements and Procedures

Motorcycle riding can present many different riding conditions. This is not a holiday for novice riders or a venue to learn how to properly operate a motorcycle! It is important that guests considering one of our motorcycle holidays are in reasonable physical condition and are accustomed to spending several hours in the seat of a motorcycle. We take the safety of our guests very seriously!

Be prepared for temperatures between 10 and 35 degrees Celsius. We recommend that both riders and passengers bring good warm clothing and rain gear. Rocky Mountain Motorcycle Holidays Ltd. has some riding equipment available, let us know in advance and we will make the necessary arrangements. If you have any questions or concerns, just ask!

Due to the nature of the sport of motorcycling, Rocky Mountain Motorcycle Holidays Ltd. takes the following requirements very seriously:
